

Little Friends of the Museum

**P.S. 274: The New American Academy
at Roberto Clemente State Park**

FINAL CELEBRATION

Wednesday, June 14th, 2023, 3:00 PM

Featuring Students at P.S. 274: The New American Academy at Roberto Clemente State Park

As part of the Bronx Children’s Museum’s Little Friends of the Museum Program, the children researched, designed, and created a final work of art for the Museum that was inspired by the natural flora and fauna found along the Harlem River. Students learned from museum teaching artists about how “water connects us all” and researched the animal and plant life of the Harlem River and the Croton Watershed.

Through drawing, painting, and sculpture, students imagined, designed, and created art work that celebrates the natural history of the Bronx.
